100 W Woodstock St Crystal Lake IL 60014

following in summary: Shortly after noon today left the home in his model year 2000 Pontiac Sunfire convertible, with the top down, to pick up said he arrived at the school approximately 1215hrs and
picked up the part of the Laco cell on randal Rd. in Lake in the Hills and said he then drove home with and their food, arriving home at approximately 1230hrs and said he pulled the Pontiac in forward into the garage and then let his dogs out a said he went out front of the house with one of the dogs so it could relieve itself, then approximately 10 minutes later he brought the dog back inside and closed the exterior garage door and the interior garage door, as said he and were eating their nachos and said he began to smell something. He said he went to the interior garage door, opened it, and saw gray smoke. He said he looked into the garage and saw flames coming from below the front of the Pontiac, said there were some storage items directly in front of the Pontiac, but he could not remember what. He said there was a tent and an awning or tarp like item on one side of the garage. Said he tried to hit the door opener button, and hit is several times because he could not see any light in the garage as it was pitch black. The said he left the interior door of the garage, went through the house to the front door, and went to see if the garage door had opened. The said the garage door was then open and he could see flames in the area of the front of the Pontiac, close to the interior wall of the garage, and the flames were 6 — 12 inches above the hood of the car said said during this he had told Marcy to "call someone" that "something is going on." He said he ran around the back of the house to make sure. In ad left the building, he saw she was outside with the dogs.
said the Pontiac has been having oil pressure and overheating issues recently. He said he got the car serviced several months ago at the said today he drove the Pontiac for approximately 20 minutes and he did not notice it overheating. But he did not use the oil light was on a said he had liability insurance on the Pontiac through at Hitch automotive. It is provided me printouts of service records for the car. The records showed brought the Pontiac in for a radiator hose replacement on 4/19/19, consistent with his statements. That service record did not show the vehicle's mileage, so printed out the most recent record for service that had this information, it was dated 9/23/16 and the mileage back then was 204,920 miles. I saved a digital copy of these service records to the evidence drive, and placed the paper copy with records.
The second secon
While Investigating this fire some of the neighbors had disclosed to other law enforcement and fire personnel on scene that they knew
While on scene, 7/3/19, I met with the following neighbors who provided me video of the fire:
door ell camera. I was able to save a copy of this to the evidence drive.
drive.
me and I save to the evidence drive.
None of the above videos show any apparent criminal activity. While on scene I had also taken a video and two still images with my department issued phone and I saved them to the evidence drive. The video and images I took were of the spectators and neighbors presently in the area.
Include with general case file.

NARRATIVE
ORIGINAL
Summary: Preported a theft of a package on 4/19/19 at Parrative: X121 was dispatched on 4/26/19 at 2241 hours to the PD reference a theft report. Upon arrival, I met with who stated, in summary, he bought a Movado 800 series watch for \$449.50 through Ebay.com. In vised the seller would not send the watch to him at his P.O. Box address so he had it sent to be advised the seller sent the watch through the United States Postal Service and provided him with a tracking number of informed me the tracking number showed the package was delivered on 4/19/19 at 1623 hours when it was left in/at the mailbox. Informed me he spoke with who informed him that he never received the package. It is stated he believed when he told him he did not receive the package. Informed me he paid for the watch using his debit card issued through
ebay.com as well as the United States Postal Service (USPS), but was advised to make a police report as well described the watch as a Movado 800 series, having a black face with orange circles, and a black, rubber band. In advised me the watch was advertised as new with the tags still on it. I advised to continue communicating with ebay regarding not receiving the merchandise. I also advised to contact his bank in regards to filing a dispute over the charges to his account since he had not received the merchandise. I asked to forward me any emails he had in regards to the purchase of the watch through ebay. After speaking with the lentered the tracking number into the USPS website to see what
information they had about the package. According to USPS's website, a shipping label was created on 4/17/19 at 0932 hours in Westwood, New Jersey. The item arrived at the USPS regional facility in Palatine, Illinois on 4/19/19 at 0250 hours. At 0513 hours on 4/19/19, the package arrived at the USPS facility in Crystal Lake, Illinois. At 0826 hours on 4/19/19, the package was sent out for delivery in Crystal Lake and at 1623 hours the package was delivered. On 5/2/19, I spoke with the package was informed him they would have their investigation completed by 5/7/19.
disputing the charges. Stated the bank advised him to wait until ebay completed their investigation before initiating a dispute over the charge to his account. I checked both Big Al's Trading Post and The Trading Post to see if any Movado watches had been sold to the businesses since 4/19/19. Big Al's Trading Post advised they had purchased two Movado watches, but neither of them matched the description of the watch formed me he purchased. The Trading Post advised they had not purchased any Movado watches. I then proceeded to to follow-up with
front door, I observed the residence had a Ring brand doorbell. I knew these types of doorbells captured video when activated. I met with a who was able to show me when the doorbell had been activated through an application on her cell phone. The only activation shown on 4/19/19 occurred at 1448 hours when a male subject was at the door. I dentified the male subject as someone who had been performing work on their roof. No other activations were shown on the application for 4/19/19. Was able to show me an activation for a different date when the mailman activated the doorbell while leaving items in the mailbox. I devised the doorbell could be activated strictly by motion if a subject was close enough to it. It should be noted that the doorbell is located below the mailbox, which is attached to the house near the front door. This case should be considered inactive pending further leads. Squad #1027

Reporting Officer: CL4455 - VOLENEC INGRID Report Date: 04/09/2019 14:29Reviewing Officer: - Review Date: Investigating Officer: - Approving Officer: CL4450 - COUTRE RYAN Approve Date: 04/09/2019 18:08:56Exceptional Clearance: - Exceptional Clearance Date: Internal Incident Status: - Internal Incident Date: On 04/08/19, I assisted Officer Miller with processing a residential burglary incident located at the second officer Miller advised it appears unknown subject(s), walked to the rear of the residence using a sidewalk (located on the west side of the residence) that leads to the backyard. The subject(s) then used an unknown object to pry the rear window open (window leads into the kitchen). I observed the window to be completely open and pry marks (scratches and small dent) on the bottom of the window pane (outside). I also observed the same pry marks on the bottom (outside) of their window. The subject(s) then entered the residence through the open window and it appears they went directly to the home owners master bedroom (due to nothing else being in disarray throughout the residence or missing). The bedroom is located on the second floor. Upon entering the bedroom I observed a damaged small safe (wood with metallic corners) with several items outside of it, several dresser drawers to be open, several Louis Vuitton handbags on the middle of the floor, and several miscellaneous items tossed next to the bed. Officer Miller then advised the owners safe was taken from their closet. It appears the subjects then left the residence through the front door due to home owner found the door wide open when she arrived home. Owner advised she had already touched/grabbed the doorknob prior to our arrival. At this time, Officer Krol arrived on scene and I advised him of above information. I took photos of both the outside of the residence and the entire inside of the residence, including damages to the window. They were entered into the evidence folder by Officer Krol. I processed the window pane and window for possible fi

#### **ORIGINAL**

SUMMARY: Andrew Freund and JoAnn Cunningham report their child, Andrew "AJ" Freund has gone missing. The child was last seen 04/17/2019 at a proximately 2130 hours. The case is currently under investigation.

100 W Woodstock St Crystal Lake IL 60014

Report Number: CLPD-19-007922

I then spoke with the company who walked me through the portal and how to work the site. I was then able to mark on the site's mapping program a selected area around 94 Dole Ave. I requested Ring customers to check for video from Monday around 0700hrs to Thursday around 0900hrs. Ring also advised they would put out a Facebook message on our behalf, asking the community for assistance in any other type of video they might have in the area.

Within the hour of having Ring contact its customers from the parameters above, I started to receive videos from Ring users and other local community members.

On 04-23-19, I spent several hours looking though one-hundred plus videos that had been sent to me. While looking through these videos, I was not able to see any evidentiary value to these videos. Once viewed and determined that they held no evidence, they were deleted.
